Request to defer practical dates (three days):

Changing or deferring of practical days is problematic as we have based our financial structure on having ten participants in each practical session. We have aimed to keep practical classes to a maximum of ten participants to ensure a good learning experience for all. We hope you understand that requests to change or defer practical dates will incur fee/s:

- If a replacement can be found for the cancelled practical days, a fee of \$85 (inc GST) will be applicable in order to transfer to later practical days.
- If a replacement cannot be found for the cancelled practical days, a fee of \$490 (inc GST) will be applicable in order to defer to later practical days.
- Non-attendance or cancellation, without attendance at a later date, does not incur a fee. A refund will not apply.

Non-attendance of individual practical days due to sickness, etc.

- All practical days must be attended in their entirety to gain eligibility for certification. Attending the missed day/s with a later group will be dependent on availability and will incur a fee of \$110 (inc GST) per day.
- Participants must view **all** provided learning sessions and resources, achieve a minimum of 80% on **all** quizzes and attend **all** practicals, in their entirety, to gain certification. Q&A webinars will be recorded and accessible for those unable to attend at the allotted times. Practical sessions must be attended on the scheduled dates and times.
- Recorded sessions 1 – 8 must have been viewed and relevant quizzes successfully completed, prior to attending practical sessions.
- Tea and coffee facilities will be available at practical sessions, but attendees will need to bring their lunch and refreshments as there will not be time available to attend local shops.

- The three-days of **practical sessions** will be limited to ten participants per group. You will receive an email confirming your enrolment and the dates of your practical sessions. If for any reason, you are unable to attend your designated practical dates, you can transfer to a later set of practical dates, if available and if your place can be filled – an administration fee of \$85 will apply. If your place cannot be filled by an alternative participant, transferring to a later set of practical days will incur a fee of \$490.
- If there is sufficient demand, additional practical days can be held in other cities or areas. There will be an additional cost to attend practical days outside of Sydney to cover Vicki's flights, accommodation, etc.
- Participants attending practical days must be well presented in clean, professional attire and as per the Workplace Health and Safety Risk Assessment (included on the usb stick).
- Participants are required to source a puppy or puppies aged between eight and 16 weeks of age, if at all possible, to bring to practical sessions. Sources for securing a puppy or puppies could include: Facebook posts, friends/family/neighbours, advertisement in local paper, local trading post bulletin boards, dog welfare organisations, etc.
